

Care Protect Connect

for every
furry friends

Hi pet lover, carer and friend!

huddle exists for one reason: Look out for every furry friend.

Your pets, lost pets, and strays — they are all part of the huddle family.

Every reunion and rescue counts when the community moves together.

Here is how we protect and connect in huddle:

Real-time Alerts

to get instant help for the lost pets or strays and send caution alerts to warn the community

Social & Connect

meet your pet community for support and playdates or access trust local care

We want to get this right.

If you have feedback, DM us on Instagram — we're always listening!
